Happy Holidays!

Here's wishing you all the joys of the summer season.

Message from Principal

Dear children

Greetings and wishes for your good health and safety!

Learn from yesterday, live for today, hope for tomorrow. Remember, self-belief and hard work will always earn you success.

We began this session with a hope that we will be seeing you in the school but because of the pandemic, once again you all have been attending virtual school with regularity. It gives me immense pleasure to say that Hansarians are working hard on all aspects of learning, taking part in a number of activities.

Now, dear children, it is time for the much awaited summer vacation. These vacations like the last year are going to be different than any before. To keep safe and healthy you will be staying indoors and are not going out to visit places and people. Nevertheless you can utilize this leisure time to improve upon your skills and learn new ones. It is an excellent opportunity for you to become friends with books. Reading stories will help you expand your mind, your language skills and your understanding of people, cultures and practices beyond your scope. Those who read always have an edge over others.

Enjoy this unrestricted time your family members, listen to their stories about times before and share with them what you think about things around you. Learn new things, develop a hobby and indulge in activities which exercise your body and mind. Let technology enable you to gain insight into subjects of interest, use it as an aid to visit places virtually and learn about people who made a difference.

The most important thing, dear children, is to keep asking questions. Questions help us to find answers. You are full of potential and promise so gear up and spread your imagination and use these holidays to further enhance your skills and personality.

The holiday homework has been planned to help you to not only revise the concepts learnt but also to explore and stretch your knowledge. So enjoy and learn as you complete the tasks set for homework.

Stay home, stay safe!

Jaya Bhardwaj
