Roadmap 2023-24

Class: UKG

SCHOOL MOTTO

‘विद्ययाऽमृतमश्नुते’

विद्या से अमृत की प्राप्ति होती है ।’

"Through knowledge one attains immortality.",

The Vedas have declared that attainment of immortality is possible for those who attain knowledge, so one must always strive to acquire learning by staying with one's preceptor or the 'Guru'

FOREWARD

'A good plan is like a road map, it shows the final destination and usually the best way to get there'

- H. Stanely Hudd.

Hansraj consistently strives to create a conducive environment for learning. This roadmap is a worthy effort in this direction to enable Hansarians to prepare well and excel in the current academic session. It aims to aid students and then parents to get an expansive overview of the syllabus to be covered throughout the session, with month wise division of chapters. To provide further guidance, clear segregation of periodic syllabus has been given. A blue print of subject wise exam paper along with division of marks has been included to enable our students to achieve high academic merit.

Jaya Bhardwaj
Principal

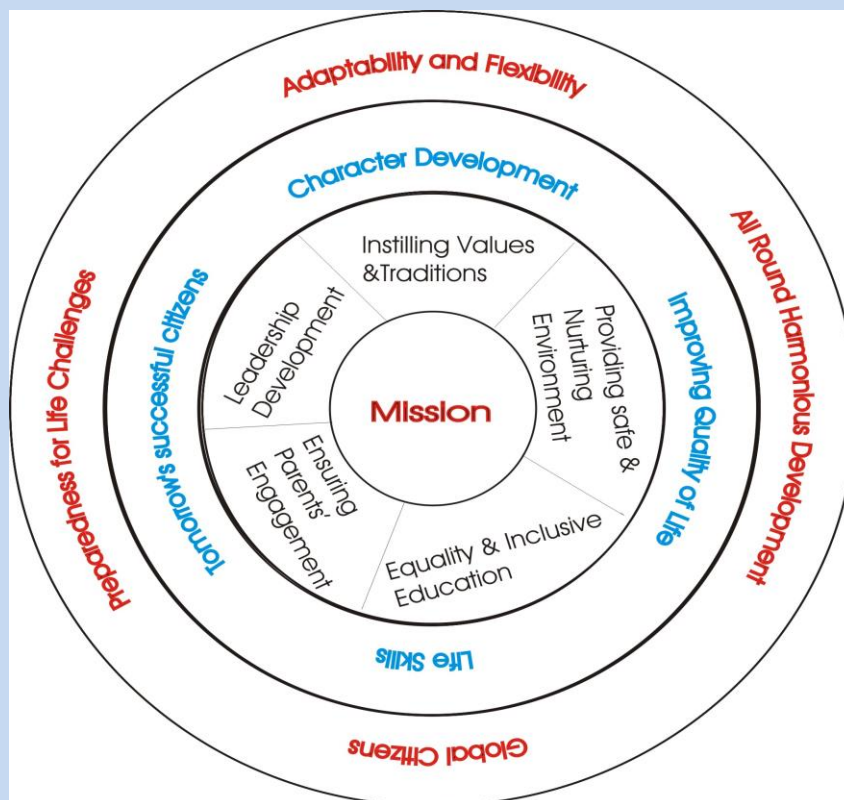

Values, Vision and Mission:

Values: The school offers a unique blend of modern educational practices and basic values of India's ancient cultural heritage.

Vision: To inspire young students to be confident, considerate good human beings who would be lifelong learners with global attitude and responsible citizens.

Mission: HPS is committed to promote human values, provide a nurturing environment and engaging parents towards all round harmonious development of our students. To achieve this, the workforce at HPS:

- Ensures that each student acquires the knowledge, humane values and skills to achieve personal success and enrich community at national and international level.
- Prepares them to be responsible global citizens.
- Empowers learners to cope with both success and failure and prepares them to face the challenges of life.
- Instills the virtue of adaptability and flexibility to enable students to excel in complex and interconnected changing world.

GENERAL GUIDELINES FOR STUDENTS REGARDING NOTEBOOKS AND ASSIGNMENTS

1. Maintain the index of the notebook diligently. Fill in all the columns.
2. Label the work done properly.
3. Be careful about spellings while working in the notebooks.
4. Do corrections after the notebook is corrected by the teacher.
5. Don't scribble on the pages at the back of your notebook.
6. Don't tear pages from the notebook for any reason.
7. Maps/Graphs/diagrams should be marked neatly. Labeling of maps/graphs/diagrams should be done with pencil and in block letters.
8. Worksheet / assignments to be pasted in the notebooks.

“Success is no accident. It is hard work, perseverance, learning, studying, sacrifice And most of all, love of what you are doing or learning to do.”

- Pele

Class- UKG

I. Learning Outcomes:

LANGUAGE SKILLS

Listening skills

Discriminate between different sounds, voices and phonetic sounds

Understand general conversation

Hear and respond to various rhythms, tempos melodies of music

Speaking skills

Speak comfortably in sentences ask and answer questions and express ideas in English and Hindi

Use English with other children in creative play situations

Sing a variety of songs and rhymes

Tell simple stories and describe pictures and events.

Use new vocabulary

Use appropriate words while communicating

Reading skills

Read words by joining their phonic sounds

Read common simple words by sight

Read simple sentences

Read simple stories from picture books

Writing skills

Print neatly and legibly

Spell and write two, three, four, letter words and some common simple words

Frame and write sentences

Express through writing

COGNITIVE SKILLS

Child will be able to learn:

The Basic concepts

Make simple comparisons, recognize plane and solid shapes, concept of weight, sequencing of level three

Number concept

Recognize numbers 0 to 100 and know number value and place value on abacus

Perform simple mathematical operations –addition and subtraction

Number names 1 to 10

ENVIRONMENTAL CONCEPTS

Child will be able to stimulate scientific thinking and perform simple experiments
Identify basic properties of water, light and air
Acquire knowledge of plant and animal life and classify living and non living things
Classify food in various sub groups
Develop awareness about means of transport, road safety and traffic rules
Thinking skills
Develop basic mental skills like matching, sorting, classifying and seriation

CREATIVE AND EXPRESSIVE ART

Developing creativity and imagination,
Encouraging self expression
Developing coordination and appreciating art
